

# THE TIKKUN TREE PROJECT

Working for peace one stitch at a time

- **Are you interested in helping to find a path to peaceful coexistence between Jews and Palestinians in Israel and Diaspora?**
- **Do you have an interest in mid-east peace?**
- **Can you knit, crochet, sew or do other needlework, or would you like to learn?**

If so, please join us in a collaborative community needlework project for peace. The purpose of the project is to raise public awareness, encourage thought, and inspire discussion about the paths to coexistence and mid-east peace. We need thousands of handmade leaves, doves and candles for The TikkunTree, an art installation to be included in an exhibit dedicated to the olive tree as a symbol.

Visit our website to learn more about The TikkunTree Project,  
find patterns, read project updates, and more!
